G. W. KIBBEE
WHO has been for many years located in
Tennessee as a Tuner and Repairer of Pianos, would respectfully call the attention of the musical public to the fact, that he visited New York last year for the purpose of making arrangements with the best Piano Forte makers to sell their Instruments. After spending several weeks in that great me-tropolis, visiting the different manufacturers of note, he came to the conclusion—and who might be judge in this case if a Tuner of twelve years is note—that the Pianos of of Lighte, Newton & Bradbury's should be preferred to all others. He accordingly made an agreement with them, whereby he is enabled to furnish Pianos at retail cost in New York, reight and charges added, so that every one who buys of him may know that he is not paying more for his article than he would be charged by the manufacturers themselves if he were to visit them in person. This House is making themselves. is making twenty Pianos per week, a much greater number than is made by any other in the United States, and for purity and volume of tone and fineness of finish, both in-side and out, the proof is that they stand wholly unrival-led. These Pianos were awarded the first premium by the juries of the World's Fair and the Fair of the American Institute in 1858. Among the many Musicians and Ama teurs who have from time to time examined these Instru ments, testified to their superiority, and recommended them to their friends, are Lowell, Mason and Thos. Harrings, of world-wide celebrity, H. C. TIMM, President of the Philikar-monic Society, N.V., THEODORN ELSPIPLD, conductor of the hilharmonic Society, N. Y., GROLDS F. ROOT, Juror in he Fair of the American Institute, in 1888. J. LEATI, U. C. HILL, F. H NASH, EDWARD HOWE, Jr., &c., &c.

GEO, J. WERR, of Boston, the well-known and popular Teacher and Composer, after examining these Instruments and testifying to their entire superiority, opened a House in Boston, the central point of the once renowned Chickering, and within a short time sold upwards of Forty Pianos to his musical friends and acquaintances, many of them of the highest style and finish—\$600 or \$700. This is the first New York Piano Agency ever established

Ggo F. Barstow, of New York, the distinguished compos er, Organist and Plauist, was authorized by the New York Harmonic Society to select the best Plano that could be made for their use. He gave the preference to Lighte, Newton & Bradbury's "large scale" over all others Grand's not excepted, and purchased one for the use of the Society. But Mr. Kinnas deems it unnecessary to multiply words to the people of Middle Tennessee. The fact, that he has been for many years a successful Puner among them, and has met with, and Tuned and Repaired Planos of every make, should inspire confidence in his judgment; and the fact that he regularly visits them twice a year would show that it is more to his interest to sell them a good Piano than it could be to that of any other dealer. As to the price and quality of these Pianos, Mr. Kinsze exhibits the price list and description of the Makers, which contains twenty different styles at prices, ranging from \$250 to \$500, at their Ware Rooms, No. 421, Broome Street, New York. So there can be no deception practiced with reference to price or style of finish, although the Pianos are not seen until delivered, and he is authorized by Messrs, Lighte, Newton & Bradbury to give warrantees of all their Pianos Mr. Kinnan also visited the well known Melodeon Estabent of Carbart, Needham & Co., No. 97, East 28d St.

New York, and made an arrangement with them to furnish Melodeons, so that he can sell them at their New York retail prices, freight added. These Instruments have become very popular in the Eastern and North-Western States, and truly deserve the notice of all those who are "Charmed by concord of sweet sounds." He has also an arrangement with the firm of Firth, Pond & Co., New York, which enables him to furnish Sheet Music nd small Musical Instruments at New York p ices. MR. KINBER has formed a partnership in the sale of these Pianos with D. B. SHRIVER, of Shelby-ville, Tenn., who will keep a large assortment in his elegant Furniture Ware Rooms on Diput street.

He is also engaged with THOS. J. BAHLEY, of Columbia, Tenn., who will keep a good num-ber in his Daguerrian Rooms at the Masonic Hall. These gentlemen will sell Pianos as cheap as they can be bought at the Ware-rooms in New York, after adding freight and charges. They are also supplied with Carhart, Needam & Co.'s Melodeons, which they will sell on the same Mr. Kinner will keep all Pianos sold by the above named

entlemen in tune for one year, without charge, and will ive written warrantees by the authority of Lighte, Newon & Bradburry on his first visit.
All communications from the country on the subject of Pianos or Meindeons or of Tuning and Repairing will be promptly attended to. Families residing in the city cun leave orders at my residence, opposite Odd Fellow's Hall, or ddress through the Post-Office, March 11, '67, -1y. G. W. KIBBEE

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its trely wonderful nedicinal virtues must be acknowledge I. It is particularly recommended to those persons whose cobalitutions may have been implied by the continuous use of ardent spirits, or other forms of dissipation. Generally lostantaneous in effect, it finds its way directly to the neat of life, thrilling and quickwing every nerve, ralsing up the drooping spirit, and, in fact, infusing new health ing up the drooping spirit, and, in fact, infusing new health and vigor in the system.

The great popularity of this desightful Arowa has induced many imitations, which the public should guard against purchasing.
